PRODUCT LIST INFORMATION

MATERIALS - Atlas Chemical has sold these materials to people over the years. These are the generic names, not name brands. If you want something else, check for alternate names for your product. Give us all the clues you can, for a quote: name[s] of the item, liquid? granular? quantity, how you want to use it, quality [tech grade, industrial, food grade, ACS, USP]. Note MINIMUM SALE below.

SPECIAL ORDER - We special order some items for our customers. We need a prepayment for special orders. If the chemical is not common to our business we will make an effort to head you in the right direction. We do not carry refrigerated supplies.

Hazardous materials are not sent from San Diego to Hawaii or Alaska due to air transportation restrictions. Some liquid solutions require venting. We do not ship these out of the greater San Diego area. We do not import or export.

PURITY – Purities are shown by abbreviations in our line item descriptions such as: ACS, USP/NF, FCC, ASA, and IND. They represent: Analytical, Pharmaceutical, Food, Photo, and Industrial grades, respectively.

LABORATORY CHEMICALS – We are a distributor for Spectrum Quality Products, Inc. If you have already looked up the Spectrum part number for the quantity you want, give your order to us. Sometimes we can save you money because of the shipping and handling charges. Special orders usually require some prepayment before taking the order.

TRADE NAMES – At the back of the list we have some tradenames and their companies.

GENERAL INFORMATION

PRICES – We will quote prices upon your telephone, telefax or written request. Those prices are subject to minimum sale and market prices. The written order, modifications, and confirmation control [UCC rules]. Be sure to establish your resale number with us, or other exemption from sales tax.

PACKAGE SIZE – Many of the products shown in the list are available in more than one size. Let us know the approximate quantity you need, so we can look up the sizes we have: grams/pounds/gallons.

MINIMUM SALE – Minimum sale for will-call is \$10, a cash sale. Minimum sale for delivery within the greater San Diego metropolitan area is \$100, prepaid by credit card. Deliveries are to industrial or commercial areas with roads wide enough for our trucks. Common carrier shipping is subject to the \$100 minimum delivery, packing costs included. Example: cost of a product \$30, \$70 additional provides packing and shipping.

You may request credit by completing application form with credit references from the last five years.

ORDERING – Send your requests for quote and orders to our email address or fax number: ellery@atlaschemical.com, 619 232-6129. Or phone them in, 619 232 7391. Please state the product name, product quality, form [liquid? granular?] and quantity which you require.

SHIPPING – Minimum sale \$100 applies. Atlas makes deliveries to industrial / commercial areas only in San Diego greater metropolitan area south to the border, north to Oceanside, east to Lakeside and west to the coast. \$100 applies to common carrier as well.

2929 COMMERCIAL STREET, SAN DIEGO, CA. 92113

PHONE: (619) 232-7391 FAX: (619) 232-6129
WWW.ATLASCHEMICAL.COM

TERMS – We accept Visa, Master Card, American Express, and Discover Card. We start new customers off at Net Cash. Prepayments and/or deposits may be required on special order items.

NOTE: our terms and conditions are consistent with the Uniform Commercial Code. These terms are listed on the back of each shipping order and invoice. The sale document warrantee is for title/ ownership of product/material, not for any particular use of the material.

Minimum age for purchase is 18 under California law with id. Sometimes age 21 is required for particular substances, such as ethyl alcohol. Good stewardship by Atlas and government rules sometimes require buyer to meet more conditions or complete forms. Parents & guardians are responsible for supervising any minor for whom they purchase something for a “science project.”

RETURNABLE CONTAINERS – Charges paid for returnable containers represent a deposit only and do not convey title. Containers need to be returned timely [90 days] and empty for any deposit refund.

RETURNS – No returns of product will be allowed without prior authorization. Please call us for the conditions and provide us with original date of purchase, our invoice number, product name and quantity and the reason for the return. You will then be responsible for getting the product back to Atlas Chemical. Restocking charges may apply.

NOTICE

Most of the products sold by Atlas are generic materials, not trade names.

Atlas Chemical will provide the Safety Data Sheets to go with the material. All materials should be handled safely and waste disposed of properly. There are many library and internet sources the buyer can consult.

Atlas Chemical labels on product indicate re-packaging. None of these Repackaged items are intended for, nor suited for:

- a. Economic poison/ pesticide use
- b. Food additive use
- c. Drug use
- d. Cosmetic use [whether as an ingredient or 100% of the ingredients]
- e. Fertilizer use.

SOLVENTS - End use product certificates are required.

HANDLING AND USE OF PRODUCT – We strongly urge that all chemicals be handled and used only by suitably trained personnel. Our product label indicates the principle hazards and first aid treatment of many chemicals. Customers should give individual attention to their particular applications. Please request Safety Data Sheets (SDS).

LIMITED LIABILITY. Atlas warrants the title to the named product. Liability is limited to the price paid by buyer. Buyer assumes liability for the use of the product, care and proper disposal of any waste or packaging.

HORNBLOWER– We are San Diego’s pioneer chemical distributor. We started as Atlas Products Company in 1939 selling Bowmanite, an unusual detergent, with the Ellery family. “Mr. Bob” Ellery took over when his father died, [1962]. We have been in our current 43,000 square- foot space since 1961. We operate our own trucks, print shop, and maintenance facilities. We maintain extensive products, source and specification files.

OCTOBER 2017

I am hopeful that chemistry will improve your understanding of how things work and give you joy. Chemistry connects with everything. Julie Ellery

“My expectations were reduced to zero when I was 21. Everything since then has been a bonus.” Stephen Hawking, interview, New York Times Magazine, 12 Dec 2004.

Meerkat safety: the buddy system is a good safety practice. Meerkats stay alert on look-out for hawks, using eyes to scan the sky, with a tripod stance that balances them for extended height.

"BYK"-----BYK CHEMIE USA
"CAB-O-SIL"-----CABOT CORP
"CADOX" -----AKZO CHEMICAL
"CHLOREZ" -----DOVER CHEMICAL

"DB" -----CASCHEM
"DEQUEST"-----MONSANTO CHEMICAL
"DIS-MIST" -----MCGEAN RHOCO
"DOWTHERM" -----DOW CHEMICAL USA
"DRESINATE"-----HERCULES INC
"EXTRAN"-----EM SCIENCE
"FILTRON"-----ENGELHARD CORP
"RAMP-OIL"-----HAMPSHIRE CHEMICAL
"HI-PFLEX"-----SPECIALTY MINERAL
"HISOL"-----NEXEO CHEMICAL
"ISOPAR"-----EXXON CHEMICAL
"LIGNOSITE"-----GEORGIA PACIFIC
"LUBRICIN"-----CASCHEM
"LUPERSOL"-----ATOCHEM N. AMERICA
"MARBLEWHITE"-----SPECIALTY MINERALS
"METEX"-----MACDERMID
"METHOCEL"-----DOW CHEMICAL USA
"MICCROSHIELD"-----MICHIGAN CHROME CHM
"NATROSOL"-----HERCULES INC
"NEODOL"-----SHELL CHEMICAL CO
"NORFOX"-----NORMAN FOX & CO
"ORVUS"-----PROCTOR & GAMBLE
"PARTALL"-----REXCO
"PLASTILEASE"-----LILLY INDUSTRIES INC
"POLY EM"-----ROHM & HAAS
"PRESERVASLIDE"-----EM SCIENCE
"ROACH PRUFE"-----COPPER BRITE INC
"ROCCAL"-----NATIONAL LABS
"SN"-----ALLIED KELITE
"SOLKAFLOC"-----JAMES RIVER CORP
"SUPERCAT"-----MACDERMID
"SUPERFIL"-----SPECIALTY MINERAL
"SUPERSORB"-----EXCEL MINERALS CO
"TR"-----TR INDUSTRIES
"TRIGANOX"-----AKZO CHEMICAL
"VICAL"-----SPECIALTY MINERAL
"VICRON"-----SPECIALTY MINERAL
"X-CEL" -----MICEL
"23-11R"-----ELECTROCHEMICAL
"318"-----HERCULES INC
